

# Budbee returns

Were the shoes you bought too small? No problem! You can easily return them with Budbee. Our return service is as hassle-free as our deliveries!

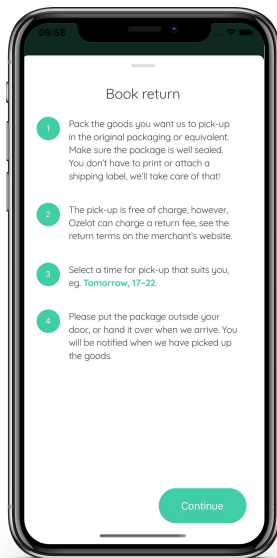

1.

Click on the link or go to your order in the app. If the webshop you ordered from offers returns with Budbee you simply click on the "book a return pick-up" button.

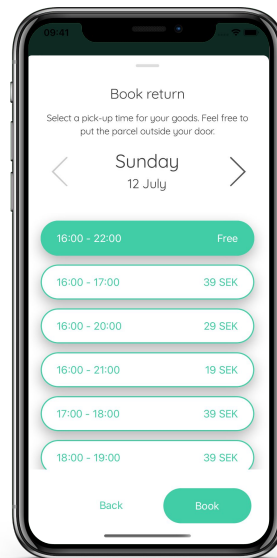

2.

Pack the products according to the webshop's instructions. You do not need to print a shipping label, we'll take care of that!

3.

Select a pick-up time that suits you. Choose if you would like to leave the package outside your door or if you would like to hand it over to the driver personally.

4.

We will keep you updated via texts or notifications in the app, as usual, you will be able to track the driver in real-time on our map.
